This is to inform the Exchange about the fire incident in one of the company's production facilities.

At approximately 8:05AM on 20 January 2016, an alarm was triggered and a fire was confirmed in the operations building at IMI's facility in Jiaxing, People's Republic of China. The affected facility is at the second floor in one of the company's four buildings located at Economic Industrial Zone Jiaxing City, Zhejiang. The company's Emergency Response Plan (ERP) was implemented.

The fire was completely out by 9:45AM. Other production facilities in the three buildings were not damaged and have resumed normal operations.

No employees were injured or required medical attention. The exact cause of the fire is currently under investigation by the relevant authorities. Management is in the process of assessing the total loss incurred. Damages to equipment and inventories are covered by fire insurance.

Based on the first nine months of 2015, revenue contribution from the affected production lines is not material. The company does not anticipate any significant effect to its revenues arising from the incident.

Further updates on the situation will be provided as needed.

Thank you.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Jaime G. Sanchez', is written over a horizontal line.
